Dear Participants,

CONGRATULATIONS ON YOUR ACHIEVEMENT IN THE ASHESI MICROSOFT FUTURE BUILDERS PROGRAMME

On behalf of the Business Administration Department at Ashesi University, I am delighted to congratulate you on emerging as a winner of the Ashesi Microsoft Future Builders Programme competition.

Your achievement is an important recognition of the creativity, initiative, problem-solving ability, and entrepreneurial mindset that the programme was designed to encourage. Competing successfully in an initiative developed through the collaboration between Ashesi University and Microsoft is particularly commendable, given the programme's focus on preparing students to think critically about the future and to develop innovative solutions to meaningful challenges.

As a department, we are especially proud to see our students extend their learning beyond the classroom and apply their knowledge, skills, and ideas in practical and competitive environments. Experiences such as the Future Builders Programme provide an important opportunity for students to integrate business thinking with technology, innovation, teamwork, and execution.

Your success also reflects qualities that are central to Ashesi's educational mission: curiosity, excellence, ethical leadership, and the willingness to turn ideas into solutions that can create positive impact.

I encourage you to see this achievement not simply as the conclusion of a competition, but as an important milestone in your broader development. Continue to build on the ideas, networks, capabilities, and confidence you have gained through this experience. The Department looks forward to seeing how you translate this accomplishment into further academic, entrepreneurial, and professional success.

Please accept my warmest congratulations on this well-deserved achievement. We are proud of you and wish you continued success in your journey at Ashesi and beyond.

Yours sincerely,

Prof. Disraeli Asante-Darko
Head, Business Administration Department
Ashesi University
